

BASEBALL NEWFOUNDLAND AND LABRADOR

TWIN CITIES IMAGING IS AN MVP FOR BASEBALL NL!

Baseball Newfoundland and Labrador is thrilled to welcome Twin Cities Imaging as an official sponsor during the 2026 Minor Division Provincial Championship calendar. As part of this new sponsorship, Twin Cities Imaging will proudly sponsor the Team MVP Awards, with each Team MVP award winner now officially being known as the *Twin Cities Imaging Team MVP*

“Twin Cities Imaging is deeply engrained in the local community and greatly values community support and giveback opportunities” said Paul Currie, Owner of Twin Cities Imaging.

“Partnering with Baseball NL is a fantastic way for us to not only give back to the local community, but to also partner with a leading provincial sport organization in the province that continues to grow and expand. This growth and expansion, coupled with the success and strength of the Toronto Blue Jays, will only make this sponsorship more promising and fruitful in the years to come”.

Under this new partnership, over 100 individual awards will be handed out throughout August and September at Baseball NL’s 23 Minor Division Provincial Championships.

“Our newfound partnership with Twin Cities Imaging reinforces the great work being done by our members, volunteers, players, coaches, officials and parents province-wide” said Executive Director Ryan Garland. “Our Minor Division Provincial Championships involve over 100 teams of co-ed and all-female players and coaches annually. With this level of involvement across the province, thousands of players, coaches, officials, parents and volunteers are annually participating in our biggest events of the summer. Twin Cities Imaging’s support and belief in these Championships further shows the support we have across the province in offering the best events possible to our members”.

For more information on how you can become a Baseball NL sponsor, visit the Baseball NL [Corporate Sponsorship Packages](#) section of the Baseball NL website.
